

U. S. to Use Arkansas Rice in Experiment

BY GORDON BROWN

WASHINGTON (AP)—The Fish and Wildlife Service has notified Congress that it could utilize \$385,000 on the Arkansas rice-fish experimental station in the coming year.

There was no recommendation for the project in President Eisenhower's budget.

However, when officials of the service testified recently before a house appropriations subcommittee, Rep. W. F. Norrell (D-Ark.) asked about the matter. A report of the hearings has just been made public.

The project, set up last year under legislation sponsored by Sen. J. W. Fulbright (D-Ark.) and Norrell, is aimed at determining best ways and means of raising rice and fish crops in rice producing areas. Fish would be produced in ponds on idle rice land.

Congress last year voted \$90,000 to get the project under way.

Norrell asked Abram V. Tunison, assistant director of the Bureau of Sport Fisheries and Wildlife, about the project.

Tunison said an Arkansas site has been selected and his agency is in process of purchasing two areas—211 acres in Desha County near Kelso, Ark., and 80 acres at Stuttgart. Both are near University of Arkansas rice experiment stations.

THEY'LL BE DISTRESSED DAMSELS—The six Talbot sisters smile bravely in a St. Joseph, Mo., beauty shop. They showed up for a mass hair bob. Left to right are, front, Patty, 8; Freda, 6; and Margaret, 11; rear, Della, 18; Gertrude, 15; and Theresa, 13. Their mother, Mrs. Anthony Talbot, says, "Long hair is pretty, but it's just too much trouble."

Mrs. Terrell Calhoun Honored

Honored

Mrs. Terrell Calhoun was honored with a shower for her and her little son, James Michael, on Thursday evening in the home of Mrs. Roy Loomis. Assisting hostesses were Mrs. Owen Wilson, Mrs. T. W. Wilson, Mrs. M. D. Tippet, Mrs. Phillip Reginelli, Mrs. Kenneth Ledbetter, Mrs. L. L. Buchanan, and Mrs. Juanita Taylor. A profusion of spring flowers were placed at vantage points in the living room. The dining table was centered with an Easter basket filled with spring flowers and multi-colored Easter eggs. The honorees chair was marked with a pink camellia corsage.

Games were directed by Mrs. Buchanan, and prizes were won by Mrs. Dewey Stripling and Mrs. Sid Purdie.

After Mrs. Calhoun opened her lovely gifts, a dessert course was served to the thirty-five guests.

Phoebe Hambricht Celebrates Birthday

Mr. and Mrs. W. R. Hambricht introduced with a cartoon party at their home Saturday morning for the pleasure of their grand daughter, Phoebe Hambricht, on her fifth birthday. Graceful arrangements of spring blossoms decorated the party rooms.

Mickey Mouse cartoons were shown the guests Jackie Warren, Mary Kate Stewart, Linda Oates, Kay Reynolds, Larry Lee Johnson, Donna Daniel, Virginia Ann Daniel, Doug Guthrie, George Mitchell, Steve Hale and Jim DeLamar.

The Mickey Mouse theme was carried out in the cloth napkins and plates for the refreshment table. The birthday cake was decorated in pink and green. Favors were blowouts and bubble gum.

Mrs. Hambricht was assisted by Mrs. Gene Hale who was also celebrating her birthday and was presented a gift.

Leo Cox Davis Class Has Monthly Meeting

The monthly supper meeting of the Leo Cox Davis Class of the First Methodist Church was held on Thursday evening in the home of Mrs. J. W. Teeter. Mrs. Foy Cox and Mrs. Curtis Ward were co-hostesses.

Colorful arrangements of jonquills were placed at vantage points in the rooms. The invocation was given by Mrs. L. C. Gatlin.

Following the supper the president, Mrs. Box, conducted the business session. Mrs. W. L. Inon gave an inspiring devotional on "Why Jesus Prayed." Mrs. Gatlin assisted by Mrs. Johnnie Hooks, conducted a Bible quiz. The closing prayer was offered by Mrs. W. R. Hambricht.

Thirteen members and a guest, Miss Hazel Matlock, were present.

Brownie Troop 2 Has Party

Brownie Troop 2 met on Friday afternoon at the home of the leader, Mrs. Audrey Anderson. They were surprised with a little party in celebration of Brownie Birthday Week.

Refreshments of cold drinks, cake and ice cream were served. Mrs. A. M. Rettig made the pretty white cake and decorated with brown for the Brownies color and trimmed with yellow with Happy Birthday Troop 2 on top.

Guests were Mrs. C. B. Vandiver and Mrs. Garland McAnally.

Macmillan, Ike

Continued From Page One

Two men will get under way Friday at Camp David, Md., a secluded mountain retreat about 65 miles from Washington.

Although a joint statement early next week may report generally on their talks, detailed practical results of their work may not be disclosed officially until the foreign ministers of the United States, Britain, France and the Soviet Union meet this spring. Such a meeting is now being worked out.

One of the differences the two men face is in their attitude toward a summit conference. Macmillan is represented as feeling one is necessary regardless of any results of the foreign ministers meeting on the theory that only Soviet Premier Nikita Khrushchev can speak for his country.

Eisenhower by contrast made clear in his broadcast speech Monday night that he feels advance development should "justify" a summer meeting at the summit.

Macmillan reportedly believes that some legal basis other than the World War II right of conquest might be found for keeping U.S. British and French forces in Berlin.

Sessions of the Arkansas General Assembly are limited to 60 days, but may be extended for 15 days by a two-thirds vote of each house.

Youngsters Big Fear Is Teenagers

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—What's this? Annette, afraid of teenagers?

The idol of millions of youngsters says it's true. Though she is the picture of self-assurance in movies and TV, she really shies.

"It's not easy for me to meet other teenagers," she said. "And when I'm in a crowd and they start staring at me, I really get scared."

"I'm much more at ease with grown-ups," because I've been with them most of my life. I've done teenage acts. I'm the only one of the Mouseketeers left at the Disney Studios, so I go to school there alone. It's almost like having a private tutor.

"Naturally, I miss the proms and other school activities that school kids have. I can't have many dates when I'm working, and I don't get to meet many boys, anyway. When I have to go to a social affair for the studio, I have to ask a boy myself."

So you see the life of a teenage star isn't all velvet. But lest you shed a tear for Annette, let me add that the velvet part is nice indeed. What other 18-year-old girl has her own white Thunderbolt?

There is satisfaction aplenty for Annette in her work. To right now her third record, "Tall Paul, is on the best-seller list. She is being seen in her first feature movie, "The Shaggy Dog, and scored a hit with four guest appearances on Danny Thomas TV show. Her fan-mail tops anybody at the Disney Studio, including Zorro and Mickey Mouse.

Her success may be due in a large part to her naturalness. No show biz child, she happened on a career by accident. She was taking dancing lessons when Walt Disney organized the Mouseketeers. Her dancing teacher took her along with other students to try out for the youthful troupe. Annette was one of 24 chosen out of thousands.

TELEPHONE TALK

By Vance Smiley, Wire Chief, Hope, Ark.

MORE GROWTH

Hope's latest rural telephone project is well under way, which will extend our service to about forty applicants in the Palmos area, and to some five miles east of there. Some of these people have been waiting a long time for service and we are sorry they had to wait. You see, we can only build approximately one-half mile of new line for each applicant, and we just didn't have enough to justify this project, since we are having to build six new circuits all the way from Hope.

It is my opinion that this is another forward step for the community of Palmos, and for Hope. It means many new friends and customers.

A PART OF GOOD LIVING

As you might expect, almost everyone has his own idea of what adds up to "good living."

Couple of days ago I asked some friends what they thought. One of the women in the group said good living was the wonderful appliances in her home.

To the men, it was a new car with some of the latest gadgets, a power mower, or maybe a portable television set to match the ball games on a relaxed weekend afternoon.

One of the women said that the telephones in color in her home are certainly an important part of good living, too.

That gave me the chance to point out that telephones in bedrooms and kitchens are low in cost, too—just \$1.00 a month, plus installation. For color, you know, there's a one-time-only charge of \$10.

P. S. I sold a couple, too.

LOOKING AHEAD TO EASTER

Easter Sunday, to most of us, is a happy, dress-up, go-to-church day for all the family. And I hope you and your family will all be together for a Happy Easter.

But for those who can't, a Long Distance visit or two by telephone is the answer. It's the next best thing to being there in person, and all the family has fun on an out-of-town call.

Naturally, low Sunday rates will be in effect. And since you know the out-of-town family will all be together, you can place your call station-to-station and talk longer for less.

Call by number. It's twice as fast.

Red Sox Run Winning Streak to Nine Games

By JIM KENSIL
Associated Press Sports Writer

It's beginning to look as if the Boston Red Sox were right as rain when they forsook Florida for Arizona this spring.

The Red Sox ran their exhibition game record to 9-1 Wednesday with a 14-7 victory over Cleveland while rain washed out the Florida training games for the third consecutive day.

True, the tendency is to discount baseball records compiled before opening day, but it is also the tendency for the sun to shine in Florida during late March.

If nothing else the Red Sox must be giving American League managers in Florida something to think about between cancellations. With only four teams training in Arizona their records naturally are not as representative as those of the 12 Florida clubs who meet a wider variety of opponents.

The Red Sox victory breakdown shows 4 over the Indians 3 over the San Francisco Giants and two over the Chicago Cubs. Only Cleveland has beaten the Sox and the Tribe did it with the benefit of a ninth inning error.

Wednesday it was a case of too much Sox power. Rookie Pumpkins Green hit two homers and Dick Gernert and Billy Conson one apiece among 21 hits off four pitchers, including loser in the eighth.

Patterson Is Favored to Whip Briton

Associated Press Sports Writer

NEW YORK (AP) — World Heavyweight Champion Floyd Patterson today was made a prohibitive 1-1 favorite to whip Briton's brawny Brian London in a "warmer" title fight at Las Vegas Tuesday April 21.

Broadway bookmakers set the odds shortly after Patterson's manager Cus D'Amato and fledgling promoter Cecil Rhodes Jr. at Cranford, N.J., see firm, exclusive, announced the television (NBC) fight was set for the New Convention Hall in the Nevada resort city.

D'Amato stressed that Patterson's June 13 fight in New York (probably June 23 in Yankee Stadium) with Ingemar Johansson Sweden's undefeated European champion still was scheduled.

"Patterson is victorious — and I'm confident he will be — not only will fight London and Johansson, but probably will have other fights this year," said the manager.

London, a 24-year-old 209-pound brawler and former British and British Empire champion is ranked fifth by the NBA and ninth by Ring. He lost his titles last Jan. 12 to Henry Cooper in a bloody 15-round bout in London.

The son of a former British won the British titles by knocking champion Jack London. Brian won the British titles by knocking out Welshman Joe Erskine in the eighth round last June 23. When he followed up with a controversial fifth round technical knockout (on cuts) over high-ranking Willie Pastrano on Sept. 30 he was boosted to No. 2 challenger.

London a pro four years has a 22-4 won-loss record including 19 knockouts. He has been stopped once. That was by Cooper in their first clash in 1956 and was London's first defeat.

London will receive in the neighborhood of \$75,000. D'Amato said Rhodes and the promoter's associates had guaranteed the fighters \$250,000.

Patterson's cut (including D'Amato's share) figures to be around \$150,000. If he should lose, the 24-year-old New Yorker will get a "turn" bout within 90 days.

London has been in training for some time and is expected in New York within 10 days. Patterson has been training at Summit N.J. for nearly three weeks.

Celtics Have Eye on Taking St. Louis

By THE ASSOCIATED PRESS

The Boston Celtics have their eyes on the St. Louis Hawks and Minneapolis Lakers. One of these most likely will be their opposition for the National Basketball Association championship.

The Celtics served notice Wednesday night that they finally intend to defend their Eastern crown. As they swamped the Syracuse Nationals 109-91 in the first game of the Eastern division final played at the Boston Garden.

And the Lakers eliminated Detroit in the Western division best-of-three semifinals with a 120-102 victory. They will meet St. Louis in the first game of the division final Saturday night. Both division finals are best-of-seven affairs.

Bob Cousy's playmaking and the rebounding of Bill Russell spearheaded the Boston offense but Syracuse's George Yardley led all scorers with 30 points. Tommy Heinsohn led Boston scorers with 28 points.

Late in the third period at Minneapolis Bob Leonard sparked a Lakers rally which broke a 77-77 tie and put the club ahead 81-77. The night was Gene Shue of Detroit with 31, Elgin Baylor got 30 for the Lakers.

DOGS

FACTS 'N' FIGURES
By FARLEY MANNING

National Dog Welfare Guild
The 1957 annual report of the American Kennel Club shows that they registered 436,000 dogs last year, bringing the total number of dogs registered during the 80 years the AKC has guarded the accuracy of dog-breeding records to 5,552,420.

The 436,000 dogs registered last year cannot be considered as being the actual number of pure bred dogs in the country, nor could the five and one half million figure be considered as an accurate estimate of the total number of pure bred dogs in this country during the last 80 years. Only a percentage of the blue-blooded dog population is registered each year.

It is anyone's guess as to the actual number of pure bred dogs in the country at this time. Of the total estimated dog population of 25 million, there are probably somewhere between 5 and 15 million that are pure bred and are either registered or would be eligible for registration if records were available.

A good example of this is the Beagle breed which is undoubtedly the most popular breed in America today. There were 68,413 dogs registered to lead the AKC list but the number of Beagles used for rabbit hunting and pets that are pure bred but never registered undoubtedly runs into the hundreds of thousands.

On the other hand Chihuahuas which were in number two spot are almost unknown to many people and the number of the breed that are unregistered is probably very small. Dachshunds, which are in third place would probably fall between the two in numbers of unregistered dogs.

Boxers, for many years one of the most popular show breeds, dropped from second to fifth place and just about 1,000 less in registrations. Are Poodles which jumped from 7th to 5th place.

There are always questions as to why so many of the top breeds are so little known and why so many of the well known breeds are so far down the list. The answer is that high AKC registration generally indicates popularity in the show rings and not necessarily popularity as a pet.

Piggott, Ark. (AP)—An eight-year-old girl was fatally wounded by a gunshot at her home near Piggott yesterday. Sheriff Francis Underwood said the shot was fired by a brother.

The victim was Catherine Pike, daughter of Wayne Pike. Underwood said the father had left a .22-caliber pistol in the glove compartment of his car after target practice Sunday. Eddie, 3, found the weapon yesterday, the sheriff said, and was playing with it when the gun fired.

Catherine was dead on arrival at a Piggott hospital. Underwood said the survivors include two sisters. Funeral services will be held

Baptist High Has to Have Funds

LITTLE ROCK (AP) — Baptist High School one of several private schools set up here to replace the closed public high schools, won't be able to complete the current term unless more money is turned up somehow.

That's the report the segregated school's board of trustees gave to about 100 persons at a meeting last night.

A. B. Weatherington, a board member, said the school's expenditures were \$8,500 a month and income \$6,000.

Weatherington said the school received \$500 from monthly pledges and the remainder from \$20 a month tuition paid by 300 of the school's 370 students.

Increased tuition was suggested as one way of helping to solve the school's financial dilemma. More solicitation of contributions also was suggested.

I gazed at Nathaniel Kree with respect. My visit to him hadn't been a mistake after all. I said "Howard Ackerman."

He flicked ashes airily. "I know Howard well. Nice fellow, neat dresser. By the way how is Howard?"

"Critical," I said. "He was hurt pretty badly."

Curtain Rings Down for Two Performers

By WILLIAM EWALD

United Press International

NEW YORK (UPI) — The curtain rang down for a couple of performers Tuesday night—NBC-TV's Eddie Fisher and John McIntire of ABC-TV's Naked City.

Fisher put back the bung in his hour, closed down his season and I guess all those protesting letters to NBC-TV can stop now. McIntire, one of the two leading chairmen on Naked City since it started last September, was killed off Tuesday night and I guess all the protesting letters to ABC-TV can start now.

Fisher seems to have amused himself considerably offstage this season, but he has not provided much entertainment in his professional capacity. His variety hour had suffered from the soggy look that afflicts a production without a vigorous personality or strong point of view.

Tuesday night, however, there were selections of the Fisher hour that had some wallop. It was a show happily unsaddled with "stars" that is, those dreary Hollywood big names who wander in, equipped with nervous amiability and not much else, and who simply glow down proceedings.

Gene Nelson turned out some cautious, but useful dancing and then Fisher, working in harness with Ella Fitzgerald, a singer of sensitivity and style — pitched out some patches of tasteful song, almost all of it mounted with visual brilliance.

Im not sure of this point, but it seems to me that Buddy Bregmans' orchestrations had more whiplash in them Tuesday night than usual. The band had a sense of shove, of urgency, that was simply fine. Fisher is the kind of singer who tends to sit down square on top of a note and stay there. Frequently he lingers too long on syllables that need no accent and a pushing musical group is what he needs.

As for Naked City, it was inevitable, I suppose, that some show would get around to killing off one of its principal players. Villains are being knocked off with such protose regularity on TV that it's simply in fun any more to watch one of them being carted away.

McIntire, who played detective Dan Muldon in the series, had notified the producer of Naked City that he wished to retire to his Montana ranch and the show solved his retirement fairly neatly Tuesday night by simply having a hood murder him with an automobile, a neat trick in itself.

McIntire played a gentle cop in the series and he will be replaced by Horace McMahon, who's going to be a tough cop. Tuesday night McMahon mouthed some of his lines, a little too stiffly, but he's a competent player and I'm sure he'll adjust to the pace of the series.

Naked City, incidentally, is the sleeper of the season. It wasted into the top 10 of the last Nielsen ratings and it's a justly deserved position. It is a show, with tremendous feeling for the settings of New York and its manufactures the most beautifully constructed chase sequences in the medium.

The Channel Swim: Betty Field has joined Helen Hayes, Lloyd Nolan and Burgess Meredith in the cast of NBC-TV's "Ah, Wilderness" special which will be seen April 28. Bob Hope, Laurence Olivier, Mort Sahl, Jerry Lewis and David Niven will emcee the Motion Picture Academy awards show on NBC-TV April 6.

NBC-TV's Kaleidoscope has a calved idea for three possible NBC-TV series next fall, one based on dramatizations of the Ten Commandments; one that would tell the story of America's great families and a third which would tell the behind-the-scenes story of the creation of various Broadway shows and movies.

NBC-TV Vice President William McAndrew estimated Tuesday it will cost about three million dollars to telecast both political conventions next year. CBS-TV's March 30 special, "American Pauses For Springtime," will recreate three numbers from Broadway's "Flower Drum Song" with Pat Suzuki, Juanita Hall and Koro Luke from the musical's company.

Discoverer 1 No Longer in Orbit

WASHINGTON (AP) — The Defense Department announced today that Discoverer 1, the first satellite to achieve a circle around the earth's poles, is no longer in orbit.

Roy W. Johnson, director of the Advanced Research Projects Agency, said it must be assumed that the satellite launched from the Pacific missile range in California is no longer swinging around the earth.

Johnson based this assumption on the failure of tracking stations to pick up radio signals.

Five days after its launching, the Discoverer was confirmed to have achieved an orbit traveling southward from California over Antarctica, thence over the Indian Ocean and central Russia and across the north polar region.

Between the Western powers and the Soviet Union.

Some consideration has been given, officials said, to the possibility of taking the issue to the Security Council or General Assembly if and when it threatened to break into open fighting.

Defense Asked Kind of War U. S. to Fight

By EDMOND L. BRETON

WASHINGTON (AP) — Defense chiefs face questioning today as to what kind of war the United States would fight if the Berlin crisis exploded.

Rep. Wayne L. Hays (Ohio) said he considers such questions pertinent to what kind of military foreign aid should be approved.

Secretary of Defense Neil H. McElroy and Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, were called as witnesses before the House Foreign Affairs Committee, which is considering President Eisenhower's \$5,000,000,000 foreign aid program.

Rep. Hays, a committee member, said he wanted to question the military officials "to clarify President Eisenhower's apparent statement that we would not use ground troops in Europe."

Hays said this statement at an Eisenhower news conference coupled with earlier administration statements that the United States would not fire the first intercontinental ballistic missile "might be taken as a blank check."

"I don't think the President meant that," Hays said, "but it seems to me he may well be misunderstood by (Soviet Premier Nikita) Khrushchev. I think it would be very dangerous to leave things as confused as they are now."

Hays said in an interview that the United States really does not mean to use ground troops in any possible European clash, the argument that military aid is needed to maintain a shield of such troops loses most of its value.

Rep. Thomas E. Morgan (D Pa.), chairman of the House Committee, indicated meanwhile that this year's aid program may be cut even more sharply than the \$50 million dollar cut in Eisenhower's requests made last year.

He told the television audience that "we hope we will have slight less amounts in the entire bill this year than we had last year (and) that we are going to get more for our dollar." He said some countries have been given more aid funds than they can absorb.

New Operation Is Successful

DALLAS, Tex. (AP) — The successful creation of a urinary bladder from a segment of the small intestine was reported today by the Veterans Administration Hospital in Dallas.

The operation was developed by Dr. Charles L. Reynolds, 51, it holds hope for patients whose cancer, other disease or injury necessitates removal of the bladder, the VA said.

Dr. Reynolds' operation has been described in papers read before the American College of Surgeons and the Mexican Surgical Society.

Two patients, both veterans, have undergone the operation, the Dallas Morning News reported.

Man Convicted of Theft of Mail Pouch

LITTLE ROCK (AP) — Henry Randolph Williams, 68-year-old Augusta resident, faces a three-year term in federal prison on a conviction of stealing a mail pouch that contained about \$24,000 in cash.

Williams pleaded guilty in U.S. District Court here yesterday and was sentenced by Judge J. Smith Henley.

The mail pouch was stolen at Augusta last Nov. 24.

Williams was arrested in mid-January. Postal officials said they traced the stolen money to him through purchases he made and bills he paid.

Postal Inspector N. H. Kershaw said about \$11,000 of the money had been recovered, about \$5,500 had been spent by Williams and no trace of the remaining \$7,500 had been found.

Kershaw said Williams told postal inspectors he inadvertently threw the \$7,500 in the White River when he disposed of the mail pouch.

The money had been mailed from the federal Reserve Bank branch at Little Rock to the Bank of Augusta. It was taken from a mail receptacle at the Augusta railroad station.

Williams, a timber buyer, said he took the money because, "I couldn't pay my rent, light bills, gas bills or anything."

U.S. Has Draft of a German Peace Plan

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The United States has prepared a tentative draft of a German peace treaty for possible use in a foreign ministers meeting with the Soviet Union.

By contrast with the Soviet peace treaty proposal of several weeks ago, the U.S. provisions would leave the way open for a sovereign all German government to forge whatever links it wished with neighboring nations and other countries of the world.

The U.S. document—some officials say it is more a statement of principles than a tentative treaty draft—has been proposed to Britain, France and West Germany for discussion.

The Western European Allies were reported today to be cool to the idea of carrying forward plans for a German peace treaty at this time. They apparently feel the more urgent problems are those involved in reunifying Germany.

But U.S. officials emphasize that the Soviet government obviously intends to raise the question of a peace treaty at a foreign ministers meeting, and they want the Western powers to be ready to meet it in some way. It is felt here that when the occasion arises the Allies should be ready to tell the Soviets and the world the kind of peace which they would make with an all German government.

Present Western planning is based on the idea that the essential first step in solving the problems of Germany is some move toward reunifying the now divided country and creating an all German government.

To this end Western policy planners now meeting in Paris are talking about proposing to the Soviets the creation of a federation to bring East and West Germany under a single political roof.

Over a period of several years the powers of the central federal government would gradually be increased and the powers of the present East and West German regimes would correspondingly decrease.

The highly tentative U.S. draft is understood to be based on the principle that when a peace treaty finally is signed, Germany should be given full control over its own affairs and should be free to choose its own course in international relations.

OKLAHOMA CITY (AP) — Liquor hipsters in Oklahoma apparently are quenching their thirst with beer during the states strict enforcement of whiskey prohibition laws.

A report Monday from the State Tax Commission said beer sales zoomed 25 per cent last month over the same month a year ago.

Oklahoma votes to continue or repeal prohibition laws April 7th. For the past two months whiskey laws have been enforced with bootleg liquor sales sinking proportionately.

Turnpike Toll Takers Out on Strike

NEW BRUNSWICK, N.J. (AP) — A strike of toll collectors on the New Jersey turnpike entered its second day today with traffic flowing smoothly. Supervisory help, augmented by Rutgers College students, manned the toll booths.

Striking toll collectors and maintenance men set up picket lines at the larger interchanges. No incidents were reported.

The heavily traveled north-south highway continued to take a financial beating. Bargain rates were in effect to avoid traffic tie-ups. Exact figures for the tolls for the first day were not available.

The average daily income from tolls is \$77,000.

With only skeleton crews manning some toll plazas and several smaller ones left completely unmanned, the Turnpike Authority put into effect a flat 25-cent fee for cars and 50-cent fee for trucks and buses.

Normally motorists are given a ticket as they enter the road. They pay on a mileage basis as they leave. Cars pay a maximum of \$1.75 for the full 118-mile length of the superhighway. Trucker trucks pay a maximum of \$5. The average ticket for the road is 110,000 daily users is 70 cents.

Just how many Rutgers students were hired could not be learned either from the Turnpike Authority or the university. The students were being paid \$150 an hour. Collectors received \$335 to \$425 a month, based on experience.

Last of Old Time Train Robbers Dies

DENVER, Colo. (AP) — Bill LaTrasse, 77, last of the old-time train robbers is dead.

After spending more than half his life in prison LaTrasse died a free man.

Released from the Kansas Penitentiary last Dec. 30, LaTrasse came to Denver to live with a sister, Mrs. Edna Shelton. Ten days ago he entered a hospital.

A kidney ailment took his life. LaTrasse made his reputation on Christmas night, 1910, when he held up a Missouri Pacific train between Kansas City and Leavenworth, Kan. He pushed a freight car porter ahead of him through the cars and robbed the passenger cars of \$2,000.

Captured and sent to the Kansas prison, he escaped in 1915. Then followed a Chicago robbery, a Philadelphia wound in World War I, another arrest and the completion of his prison term.

LaTrasse made an effort to go straight and opened a shoe repair business in Kansas City. But the experiment ended with a holdup of a gambling game, and he went to the Missouri prison. Released

he went back to the Kansas prison after two men were shot in a holdup of a dice game at Parsons, Kan. In 1942 this time he was for life.

LaTrasse escaped again, but in 1948 was caught in a slot and broken old man.

Asks Chandler for Guards in Coal Strike

FRANKFORT, Ky. (AP) — A Pike County coal operator asked Gov. Frank Chandler today to send National Guardsmen into the area to preserve order, the governor refused, claiming the situation in the struck coalfields is under control.

The operator, Robert Holcomb, sent the telegram claiming roving thugs have taken over Pike County.

Holcomb said a crowd of 200-300 pickets shut down three ramps today, and, at one, forcibly took over trapping two men at the top of the tippie. He said city police had to be called to rescue the men who were unharmed.

"These mobs are made up of several hundred men from other counties. Private property has been taken and many lives endangered," Holcomb's wire said.

"There have been several incidents in which people have been assaulted, and their lives threatened. Mine properties, loading ramps, trucks, and other property have been forcibly taken over by UMW mobs."

Chandler's office replied that Holcomb's charges were not borne out by State Police reports from the scene. The governor said, however, "We are asking State Police for additional information and reports."

Advised of the governor's reaction, Holcomb reached at Pikeville said: "I wish he had been here this morning. I think he would have changed his mind. We would like to see him in Pikeville."

The mine owner predicted the situation "will get worse before it gets better. Unless there is some protection we will have a loss of life because these miners are not going to quit work."

Some mines have continued to operate despite the strike.

Geographic Center of U. S. Is Moved

WASHINGTON (AP) — Entry of Hawaii as a state will move the geographic center of the United States six miles but it will remain in Butte County, S.D.

The Coast and Geodetic Survey announced today the new center will be six miles west-southwest of its old location. It's now about 17 miles west of castle Rock, S.D.

The center was moved last

Arkansas to Receive Signal Equipment

LITTLE ROCK (AP) — Arkansas will get radio signal equipment to warn state officials if enemy missiles or bombers approach this country.

Contracts for the equipment were awarded yesterday by the state Purchasing Department to Motorola Communications and Electronics, Inc., for \$1,469,500.

Five radio receivers and a base station long-selective signaling device will be included in the equipment.

Owen Payne Jr., state Civil Defense director, said the receiver would be placed at the Governor's Mansion and another at state Civil Defense headquarters at Conway. The other three will be set up elsewhere in the Little Rock area.

Payne said the equipment will be hooked up to the national warning system which has its headquarters at Colorado Springs, Colo. It also could be used to warn officials of an approaching tornado.

The contract calls for the equipment to be delivered in not less than four weeks.

Member of Well Known Family Dies

NEW HAVEN, Conn. (AP) — Muriel McCormick Hubbard, the granddaughter of John D. Rockefeller Sr. and Cyrus McCormick, died today at Grace-New Haven Hospital here. She was 56.

Cause of the death was not immediately available.

Mrs. Hubbard lived in Middletown, Conn.

She was the widow of Middle-town industrialist Elisha Dyer Hubbard. He died 23 years ago.

She engaged in a court battle several years ago with her brother, Fowler McCormick, chairman of the International Harvester Co., for custody of two children she adopted after her husband's death.

The dispute ended when both relinquished claims to the children. They were adopted by an Evanston, Ill., couple.

During World War II, Mrs. Hubbard served in the Women's Army Corps.

July when Alaskan statehood was voted. At that time it was relocated 439 miles northwest of its site near Lebanon, Kan.

Rear Adm. H. Arnold Karo, survey director, said the new location is at latitude 44 degrees 58 minutes north and longitude 103 degrees 46 minutes west.

Sponsor Is Undecided on Highway Bill

LITTLE ROCK (AP) — State Sen. M. A. Hest of Paragould today said he had not decided what to do about a bill for a 21 million dollar highway bond issue which he took home with him after the Legislature ended last Thursday.

He said he was waiting to see what the Highway Commission would do.

The bill would authorize a special general election on proposed issuance of the bonds for highway construction over a four-year period.

It passed both houses.

Disgruntled because a companion measure did not pass in the House, West blocked the bill in closing minutes of the session. He said today that it now is in his safe at Paragould.

The second measure would have given priority on any new bond money to secondary roads and would have restricted to 12 million dollars a year the amount the Highway Commission could spend on maintenance.

West, an automobile and equipment dealer, said that Chairman Lawrence Blackwell of the Highway Commission would not support the second bill. West said he would not wait to see that the commission would do before making up his mind on the bond bill.

Apparently he hoped that the commission would see fit to voluntarily agree to provisions of the second bill.

A parliamentary expert today said it was his opinion that, under the law, the bill would have to be presented to Gov. Orval Faubus within 20 days after end of the Legislature or it would be "a dead duck."

He said the courts had held a bill lost through error could not become law without having been actually presented to the governor. He said the current situation was unprecedented to his knowledge.

Blackwell and other members of the Highway Commission were not available for comment. The Commission had a meeting scheduled for this afternoon on another matter.

Equal Time Demands to Be Studied

WASHINGTON (AP) — President Eisenhower asked Atty. Gen. William F. Rogers today to consider what action can be taken to relieve radio and television stations from having to give equal time to politicians on news shows.

White House Press Secretary James C. Hagerty said Eisenhower, without any criticism of the Federal Communications Commission for its recent decision in a Chicago case, feels the result was ridiculous.

The commission, acting under the law, held that Lar Daly, a perennial candidate for office in Chicago, was entitled to equal time on the air in a case arising from the recent primary campaign for mayor.

Mayor Richard Daley, Democratic candidate for re-election, was shown on a news program greeting the President of Argentina. Lar Daly, running on both the Democratic and Republican tickets, appealed to the FCC. He argued he was entitled to equal time even though the Daley picture was on a news show. The FCC agreed that was the law.

Hagerty emphasized that Eisenhower was not criticizing the FCC nor any other provision of the law relating to equal time, but had in mind only the phase dealing with news shows.

"The emphasis here," Hagerty said, "is that it is ridiculous to have the law tell radio stations they have to give equal time in the coverage of news."

Hagerty said the term "ridiculous" was used by the President. He said the matter was brought to Eisenhower's attention by editorials and a copy of a talk on the subject by Dr. Frank Stanton, president of the Columbia Broadcasting System.

Eisenhower asked Rogers to consider whether a remedy can be provided by new legislation or by other appropriate means.

Dulles Completes Radiation Treatment

WASHINGTON (AP) — Secretary of State John Foster Dulles has completed his radiation treatments for cancer. A State Department spokesman said doctors have yet to decide whether or when he can return to his desk.

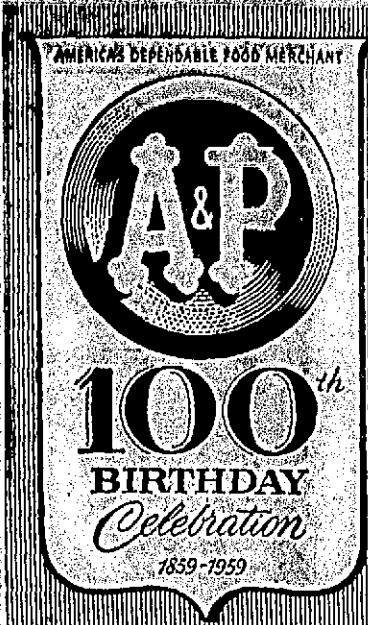

The X-ray treatments began Feb. 20. They were reinforced two weeks ago with an injection of radioactive iodine.

Dulles is suffering from abdominal glandular cancer. State Department press officer Lincoln White told newsmen he could not say how effective the treatment has been in checking the disease.

Dulles' recovery schedule over the next week or two clearly ruled out his participation in the forthcoming talks at nearby Camp David between President Eisenhower and British Prime Minister Harold Macmillan on the Berlin crisis.

The way is open, however, for Macmillan and Foreign Secretary Selwyn Lloyd to visit Dulles at Wake Reed Army Hospital or his home here.
